Press Release

Xmultiple Patent 9,413,126 Granted on August 9, 2016 – United States Patent entitled “Combination USB Connector and MicroSD Flash Card Connector”

Los Angeles, CA, August 9, 2016 – Xmultiple was granted United States Patent 9,413,126 on August 9, 2016. This patent is for a combination USB and MicroSD flash card connector.

Xmultiple Technologies, Inc. has named the 9,413,126 connector part of the Xsmart connector series.

Xmultiple X-SMART-USB is a combination USB connector and a MicroSD card connector integrated in one small form factor. This connector is available in standard A and B, mini and micro USB connector types. With this compact form factor, USB and MicroSD can be combined in smartphones, tablets and other mobile devices and save printed circuit board space.

The X-SMART connectors are an excellent solution to reduce printed circuit board space on motherboards and other desktop peripherals. With the expanding use of MicroSD cards for smartphones, tablets, cameras and other mobile devices, users of these devices want an easy way to access the information on their MicroSD cards with their desktop computers and other desktop devices. With X-SMART combo connectors, MicroSD cards can be read and

copied to a desktop computer without the need for adapters. The Xmultiple X-SMART MicroSD connectors are available in various profiles with superior wiping function to assure a good electrical contact with smooth and controlled card ejection.

About Xmultiple and

Xmultiple is a global manufacturer of connectivity products supporting twisted pair wiring communications, networking, RF/Microwave, test & measurement, broadcast, medical, military and industrial applications. Xmultiple manufacturers patent pending and patent electronic products related to the rechargeable battery industry. The XP1-Power iPhone/iPod USB Sync/Charging rechargeable battery and cable are designed to meet the needs for Smartphone and cellphone users. X-SMART is a consumer division of Xmultiple's with a manufacturing facility for computer Mini PC dongles, located in Shenzhen, China.
