

IXP1-500 NEW IPAD, IPAD, IPAD2 CHARGER ADAPTER

CHARGES USING THE USB PORT ON YOUR COMPUTER. NO NEED
FOR A WALL OUTLET. NO MORE FRUSTRATION CHARGING

CopperShark High Density Connectors

Xmultiple has released our new high density stackable connectors with three rows of RJ connectors. We call these new patent pending connectors our CopperShark stackable. With the increase of RJ connectors in one unit the CopperShark connectors are available in 3x1, 3x2, 3x4, 3x6 and 3x8 configurations.

Increase the per port count in your networking or computer products and you will see a more cost effective design as a result of condensing and make your product more compact. Xmultiple innovation is our core competency.
