## SFP Surface Mount Connectors

### XSFP SFP Surface Mount Connectors

The XSFP-N-SSM0-2002 is a SMT SFP connector which is manufactured in compliance with the current SFP standards. The XSFP-N-SSM0-2002 and 80mm center tap design with pins for easy alignment and placement onto a printed circuit board.

The XSFP connectors are designed to be used in optical communications products for both data and telecommunication applications. Our XSFP connectors assemble to printed circuit boards for switches, routers and interface these devices to a fiber optic or unshielded twisted pair networking cable.

The XSFP-N-SSM0-2002 is constructed with precision alignment contact pins for easy assembly and exact placement using SMT equipment. Xmultiple has a complete product line of SFP SMT connectors. XSFP-N-SSM0-2002 SMT connectors are RoHS compliant.

### CONNECTOR FEATURES

- 20-Position SFP SMT Connector
- All cages are compatible with XSFP Surface Mount Connectors
- Made of UL 94V-0 high temperature thermoplastic
- Alignment posts offer secure placement
- Contact Pin Platted with Gold
- Packaging - Tape and Reel - 500 units per reel
- Meets FCC rules and regulations with standard PC board footprints
- Produced under a Quality Management Certified to ISO 9001
